MARATHON STARTING ORDER

The starting order for athletes in each category will be organized into three zones: PRO - MASTER MEN, PRO - MASTER WOMEN and AMATEURS.

The starting blocks are conveniently located near the starting village, allowing athletes to easily drop off their belongings.

RACE COURSE INFORMATION

The course will be conformed by two different sections: a ten (10) kilometers point to point first section that will lead to a five and a half (5.5) kilometers lap, with a transition zone in between. The circuit has a transponder / Chip based control checkpoint. The last straightaway to the finish line is about five hundred (500) meters long with three (3) wide lines.

The point to point section is located in a main avenue with eleven (11) corners and the lap is a wide road -3 to 4 lines- with eight (8) corners.

On the image below, the blue line is the first section (10km), the green line is the path of the lap and the red circle indicates where the skaters will enter in the 5.5km circuit:

The transition zone will be meticulously organized to prevent any conflicts between amateurs and professionals as they enter the lap.
